Reliable and Scalable

TS-x31K Series

Powerful quad-core NAS with feature-rich applications

Snapshots for higher NAS data protection

The TS-x31K Series supports block-based snapshots to help users protect important data from accidental deletion/modification and malware attacks.

Combined backup & recovery solutions with HBS

Use HBS to back up or sync NAS files to remote or cloud storage space for reliable data backup and restoration.

Multiple ways to enjoy multimedia

The TS-x31K series comes with a wide range of media applications, allowing users to easily manage and view their media files.

Secure remote connection with myQNAPcloud

The myQNAPcloud service allows users to easily access, manage, and share their NAS-based files and services via the Internet.
