Strike gold with an extraordinary business NAS

TVS-x73 Turbo vNAS Series

Powerful Business NAS with 10GbE expandability and USB 3.1 10Gbps connectivity

Integrated Radeon™ R7 GPU for 4K video playback

At the heart of the TVS-x73 series is an AMD R-Series Embedded x86 APU and Radeon™ R7 GPU, delivering exceptional performance with 4K video encoding/decoding acceleration, and AES-NI hardware-accelerated encryption.

PCIe expandability for 10GbE support and more

The TVS-x73 series features two PCIe slots, providing flexible options for users to install USB 3.1 cards, 10GbE (10GBASE-T or SFP+) network cards, and more.

M.2 SSD & 2.5" SSD caching for optimal storage performance

Enjoy automatic storage acceleration with Qtier (automatic storage tiering) that moves frequently-accessed data to high-performance M.2 and SATA SSD, and infrequently-accessed data to high-capacity hard drives.

Use your NAS as a wireless base station

The TVS-x73 series can be used as a wireless base station by installing a compatible PCIe wireless network and downloading WirelessAP Station App for easy access to its services and Internet connection.
