

QNAP

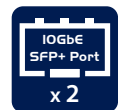

Affordable secure storage solution

TS-x31XU Series

10GbE-ready NAS with comprehensive business applications

powered by
annapurnalabs
an amazon company

Built-in 10GbE SFP+ ports

The TS-x31XU Series is 10GbE ready with two 10GbE SFP+ ports enabling full support of 10GbE high-speed networks at an affordable price with maximized ROI.

VJBOD for maximum storage efficiency

Expand the storage space of other QNAP NAS with the unused storage space from the TS-x31XU Series. This economical storage expansion technology allows you to create virtual storage pools and volumes on virtual disks for operating NAS services.

Rapid IoT development with Container Station

Container Station provides an ideal IoT platform with countless available containerized apps, empowering developers with quick and easy IoT deployment.

Centralized security storage, backup and sharing

Secure storage solution for data backup, file sharing and virtualization applications, coupled with a hardware-accelerated AES 256-bit full NAS volume encryption for increased security.
