

Designed for startups

TS-431KX

Affordable quad-core NAS with High-speed 10GbE SFP+ Connectivity

- **Easily Create a High-speed Network Environment**

The TS-431KX can be used with a QNAP 10GbE switch, allowing you to quickly build a high-speed 10GbE networking environment to achieve faster and streamlined workflows.

- **Built-in 10GbE SFP+**

The TS-431KX features two standard Gigabit Ethernet ports and one 10GbE SFP+ port to provide affordable connectivity to 10GbE networks.

- **Snapshot support for higher NAS data protection**

Snapshots fully record the system status and data, allowing you to protect files and data from accidental deletion and malware attacks.

- **Combined backup & recovery solutions with HBS**

Use HBS to back up or sync NAS files to remote or cloud storage space for reliable data backup and restoration.
