

Designed for startups

# TS-431KX

Affordable quad-core NAS with High-speed 10GbE SFP+ Connectivity

## ■ Easily Create a High-speed Network Environment

The TS-431KX can be used with a QNAP 10GbE switch, allowing you to quickly build a high-speed 10GbE networking environment to achieve faster and streamlined workflows.

## ■ Built-in 10GbE SFP+

The TS-431KX features two standard Gigabit Ethernet ports and one 10GbE SFP+ port to provide affordable connectivity to 10GbE networks.

## ■ Snapshot support for higher NAS data protection

Snapshots fully record the system status and data, allowing you to protect files and data from accidental deletion and malware attacks.

## ■ Combined backup & recovery solutions with HBS

Use HBS to back up or sync NAS files to remote or cloud storage space for reliable data backup and restoration.
