# TS-x73AU

AMD  
**RYZEN**  
EMBEDDED

## Series

### Dual-2.5GbE NAS

Designed for high expandability and virtualization

#### High-speed file sharing with 2.5GbE connectivity

Up to 5 Gbps transfer speeds can be achieved by setting port trunking with both 2.5GbE ports.

#### PCIe expandability for 10GbE support and more

The TS-x73AU Series provides two PCIe Gen 3 slots to install 10GbE cards, QM2 cards, USB 3.2 10Gbps cards, or wireless network cards.

#### All-in-one server to host virtual machines and containers

Use Virtualization Station and Container Station to consolidate existing IT infrastructure and extend the potential applications of the TVS-x73AU Series.

#### Optimized storage efficiency with Qtier Technology

Qtier optimizes the storage performance and utilization by automatically moving files/data to faster drives based on access frequency.
