

TS-h2490FU

NVMe All Flash QuTS hero NAS
Optimized for inline deduplication and all-flash applications

Extraordinary performance with 2nd Gen AMD EPYC™ Series CPUs

At the heart of the TS-h2490FU is an AMD EPYC™ Series CPU, delivering groundbreaking performance and ensuring 32 Gb/s bandwidth for each NVMe SSD.

Uncompromising All-NVMe Gen 3 x4 storage

With twenty-four U.2 NVMe Gen 3 x4 SSD bays, the TS-h2490FU provides up to 472K/205K iSCSI 4K random read/write IOPS with ultra-low latency.

High data integrity and storage utilization

The ZFS based QuTS hero operating system supports block-based data reduction technologies (Inline data deduplication and compression) and SSD optimization for prioritizing storage utilization.

Empower high-speed data transfer with four 25GbE ports

Accelerate your virtualization, intensive file access, and large backup/restoration tasks with 25GbE SFP28 and 2.5GbE RJ45.
