

QNAP®

Compact Storage Solution

TS-h973AX

QuTS hero NAS with U.2 NVMe SSDs and 10GbE/2.5GbE connectivity

High data integrity and storage utilization

The ZFS-based QuTS hero operating system supports block-based data reduction technologies (inline data deduplication and compression) and SSD acceleration to ensure optimal storage utilization.

Empower SSDs and tiered storage with a hybrid infrastructure

With a high-capacity hybrid storage infrastructure, the TS-h973AX supports high-performance U.2 NVMe PCIe Gen 3 x4 SSDs or SATA 6Gb/s SSDs in the dedicated SSD slots for cache acceleration and improved random I/O performance.

High-speed 10GbE and 2.5GbE connectivity

10GbE
2.5GbE

The TS-h973AX has one 10GBASE-T Multi-Gig and two 2.5GbE LAN ports to accelerate virtualization, intensive file access, large backup/restoration tasks, and media transfer.

Comprehensive business-grade backup and data protection

Build a business-class backup center that supports backup/restoration of cloud data and VMs (including Google™ Workspace, Microsoft 365®, VMware® and Hyper-V).
