

QuTS Hero NAS

TVS-hx88X Series

High-speed Thunderbolt™ 3 and 10GbE NAS for media collaboration and virtualization

Streamline video editing and 4K workflows with Thunderbolt™ 3 connectivity

Attain quad-port Thunderbolt™ 3 connectivity by installing two QXP-T32P expansion cards (sold separately) in the PCIe Gen 3 x4 slots.

Ensure data integrity and storage utilization

The ZFS-based QuTS hero operating system supports block-level inline data deduplication and compression, near-limitless snapshots, and real-time SnapSync for efficient file backup and recovery applications.

High-speed 10GbE and 2.5GbE connectivity

The 10GBASE-T port enables intensive data transmission, while the 2.5GbE is suited for boosting low-latency file sharing and team collaboration.

Boost NAS functionality with PCIe cards

The TVS-h1288X / TVS-h1688X has three PCIe Gen.3 slots that support expansion cards for 5/10/25/40GbE adapters, QM2 cards, or entry-level graphics cards to increase application performance.
