

QSW-M2108-2C / QSW-M2108-2S

Entry-level managed switch with 10GbE SFP+ and 2.5GbE

Flexible deployment with multiple 10G SFP+ fiber and Gigabit ports

The QSW-M2108 Series provides two 10GbE SFP+ ports and eight Gigabit ports for connecting a variety of devices.

Attain faster speeds with existing cables using 10GBASE-T and NBASE-T

The QSW-M2108-2C is compatible with 10GBASE-T and NBASE-T to achieve higher transmission speeds with existing cables.

Layer 2 technologies for Secure and Flexible Management

Provides Layer 2 management features with a user-friendly interface for IT staff to efficiently control network bandwidth and enhance security.

Improve your network infrastructure with QNAP

Build high-speed network solutions to empower IOPS-demanding applications with QNAP switches, NAS, and network adapters.
