QNAP®

Introducing QNAP Product Series

Enterprise NAS
Robust & powerful, keep ahead of the competition

| TS-x83XU Series | TDS-16489U-R2 | TS-1886XU-RP | TS-h886 |

SMB NAS
High performance optimized for intensive workloads

| TS-873AU-RP | TS-x53DU Series | TS-432PXU-RP | TS-431XeU |

| TS-832PX | TVS-872XT | TS-x73 Series | TS-x53D Series | TS-453BT3 |

SOHO/Home NAS
Your personal data & multimedia center

| TS-x51+ Series | TS-251D | TS-x31K Series |

| TS-328 | TS-230 | TS-128A |

NAS Expansion Units
Plug and use, seamless capacity expansion

TL-D800C

QSW Switches
Build a high-speed network for your home or business needs

QSW-M408-4C

Interface Cards & Accelerators
Feature-rich accessories to enhance the performance of your system

| QDA-A2AR | QDA-A2MAR | QDA-SA | QDA-SA2 | QDA-SA3 | QDA-UMP QDA-U2MP | QNA-T310G1S QNA-T310G1T | QNA-UC5G1T |

Revolutionize
Remote Working
with QNAP

We now live in the age of remote working and mobile offices. With QNAP's remote work solutions, you can ensure that your organization can provide employees with the freedom to work remotely without impacting everyday work requirements and productivity.

QNAP Backup & Data Protection Solutions

QNAP provides comprehensive solutions for virtually all data protection requirements

Boxafe
QTS Provides Enterprises with a Comprehensive Backup Solution for Google™ Workspace (G Suite) and Microsoft 365®.

Hybrid Backup Sync
Multi-cloud backup, data deduplication, instant restoration and flexible synchronization.

Storage & Snapshots Manager
Introducing visualized snapshot management, and helps back up and restore data to any point of time to prevent losing important data.

Hyper Data Protector
With only one QNAP NAS required and with no license fees to pay, you can backup unlimited VMware® and Hyper-V environments.

Easy Photo Management

Store and auto-organize your photos on QNAP NAS

QuMagie

An AI-powered photo sharing and management app that supports automatic photo categorization with AI Albums, iOS® Live Photo display, and powerful search tools.

Surveillance Solution

Quick build a surveillance environment hosted on your QNAP NAS without any extra software needed

QVR Pro

QVR Pro allows you to create an independent and expandable surveillance environment on your QNAP NAS.

QVR Face

QVR Face is a smart facial recognition solution featuring real-time live streaming video analytics from connected cameras.

QuWAN SD-WAN solution

SD-WAN Solution for Resilient IT Infrastructure

QuWAN

QNAP's QuWAN SD-WAN solution features Auto Mesh VPN, IPsec encryption and cloud-centric management. Compatible with a wide range of QNAP products, QuWAN enables SMBs to efficiently build a dependable network at a cost-effective price, and to facilitate digital transformation, multi-site expansion and remote working.
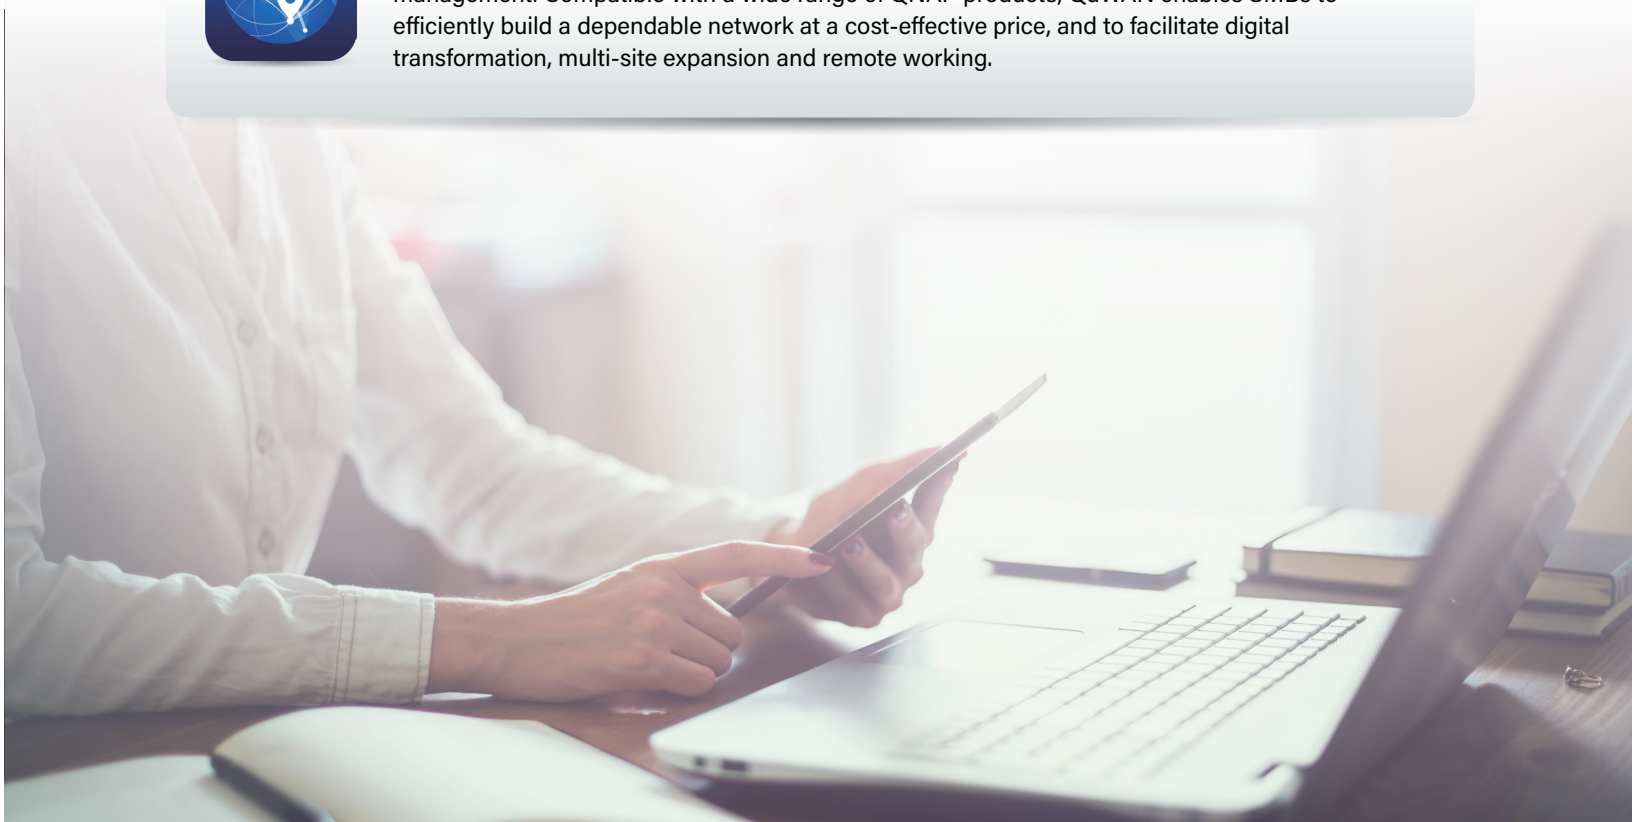

QTS 4.5.1

Flexible Virtualization ✕ Modern Networking ✕ Efficient Management

Flexible virtualization | VM live migration

When NAS software/hardware must be updated/maintained, users can move running VMs between different NAS with no impact on VM availability, providing flexibility and efficiency for VM applications.

Modern networking | Wi-Fi 6 and WPA2 Enterprise

QTS supports the Wi-Fi Client function, enabling a NAS with a PCIe wireless network card (such as a QXP-W6-AX200) or compatible USB Wi-Fi adapter to wirelessly connect to access points.

Efficient management | Azure AD DS, QuLog Center and Console management

From Azure AD DS for IT staff deploying and managing domain controller locally, QuLog Center for quickly monitoring, and Console management for troubleshooting, QTS 4.5.1 simplifies IT operational management while allows staff to focus their efforts on more important tasks.
