30W
PoE+

Intelligent PoE Management for High-power Devices

The QGD-3014-16PT uses the IEEE 802.3 at PoE+ standard and has sixteen 30-watt Gigabit PoE ports to supply up to 140 watts to multiple high-powered devices.

LAYER 2

Layer 2 Technology for Secure and Flexible Management

Provides Layer 2 management features with a user-friendly interface for IT staff to efficiently control network bandwidth and enhance security.

All-in-one Smart Surveillance Infrastructure Solution

Coupled with QVR Pro or QVR Elite, the QGD-3014-16PT can leverage the advantages of scalable storage (including four SATA drive bays and flexible storage expansion) to create an easy-to-manage surveillance system.

Reliable and secure multi-site connection with QuWAN

The QGD 3014-16PT supports QuWAN to provide full mesh IPsec VPN topology between multi-site QNAP devices, helping to fulfill enterprise surveillance video, system transmission, and backup requirements.
