

QNAP

TL SAS JBOD Storage Enclosures

Ideal storage expansion solution for Windows Server and QNAP NAS

- **DataBolt Bandwidth Optimization for high-speed transmission**

Featuring Broadcom® SAS DataBolt™ bandwidth optimization technology, the TL SAS JBOD consolidates 6Gb/s infrastructure into 12Gb/s.

- **Multipath routing ensures continuous system operations**

The TL SAS JBOD supports multipath routing to achieve smooth data transmission and continuous operations.

- **Achieve high availability with daisy chaining**

Up to 16 expansion enclosures can be daisy-chained to support up to 4.6PB raw capacity on a QTS/QuTS hero NAS / Windows servers.

- **One JBOD for four servers with SAS zoning technology**

The TL SAS JBOD supports SAS zoning technology, allowing one JBOD to serve as storage expansion for up to four Windows servers.

- **Flexible storage configuration and management**

Centrally manage the storage space and settings of the TL SAS JBOD with the Storage & Snapshot Manager app on the host NAS.
