

SMB NAS

QNAP

TS-x73A Series

AMD Ryzen 2.5GbE NAS with M.2 NVMe SSD support and PCIe expansion

Extend NAS functionality with PCIe expandability

The TS-x73A Series comes with two PCIe slots that allow users to install 10GbE network cards, SSD cards, extra USB 3.2 Gen 2 ports, wireless network cards, or Fibre Channel connectivity.

Switch operating systems based on your requirements

Enjoy the award-winning app-driven QTS operating system for all your backup, virtualization, and multimedia tasks, or use the ZFS-based QuTS hero for when absolute data integrity is prioritized over performance and features.

Built-in 2.5GbE connectivity for high-speed file sharing

Up to 5 Gbps transfer speeds can be achieved by setting port trunking with the two built-in 2.5GbE ports.

Obtain performance benefits from M.2 SSD caching

Features two M.2 PCIe NVMe SSD slots for Qtier Technology and SSD Caching enables constant storage optimization.
