

QNAP

Cost efficient and Reliable.

TVS-x72X Series

Multifunctional 10GbE NAS with M.2 NVMe SSD caching and 4K HDMI output

Built-in 10GbE connectivity for high-speed file sharing

With a built-in 5-speed 10GBASE-T port, the TVS-x72X Series provides a high-performance 10GbE-ready storage solution with maximized ROI.

Extend NAS functionality with PCIe expandability

Two PCIe slots allow you to install 2.5/5/10/25GbE network cards, QM2 cards, QXP storage expansion cards, or entry-level graphics cards.

Optimize your storage efficiency with Qtier and SSD caching

Features dual M.2 PCIe Gen 3 x2 NVMe SSD slots to enable cache acceleration or SSD storage pools for optimal system performance.

Direct 4K HDMI output for multimedia and virtual machines

With an HDMI 2.0 (4K @60Hz) output, the TVS-x72X series allows the direct operation of virtual machines and playback of multimedia. Real-time transcoding is also supported for optimal multimedia streaming to various devices.
