TS-hx86 / TS-hx83XU Series

QuTS hero

All-in-one server to host virtual machines and containers

Supports virtualization storage for VMware®, Microsoft® Hyper-V®, Windows Server® 2019, and can natively host virtual machines and containers.

High data integrity and storage utilization

The ZFS based QuTS hero operating system supports block-based data reduction technologies (Inline data deduplication and compression) and SSD optimization for prioritizing storage utilization.

Abundant I/O capabilities with PCIe expansion

PCIe expandability allows for installing 10/25/40GbE adapters, QM2 cards, or Fibre Channel cards to increase application performance.

Reliable performance with ECC memory

The DDR4 ECC memory is capable of correcting single-bit memory errors to ensure the integrity of crucial applications.
