AMD R-Series quad-core CPU for extraordinary performance

At the heart of the TS-x73U Series is an AMD R-Series quad-core CPU, delivering up to 1,567 MB/s throughput for lightning-fast multi-tasking with low power consumption.

M.2/SATA SSD caching for extreme IOPS

The TS-x73U series fully supports SSD caching to optimized storage efficiency with Qtier™ technology.

Built-in 10GbE connectivity for high-speed file sharing

With two built-in 10GbE SFP+ network card enabling full support of 10GbE high-speed networks at an affordable price with maximized ROI.

Higher reliability and performance with RAID 50/60*

The TS-x73U Series supports RAID 50/60 Storage Pool configurations for high data protection and performance.

* Available in QTS 4.3.4
