

PoE++ Layer 2 Managed Switch

# QSW-M2116P-2T2S

Accelerate Wi-Fi 6 deployment for businesses, smart hotels, and smart retail.

### High PoE Capability for high-power applications.

Compliant with the IEEE 802.3bt PoE++ and IEEE 802.3at PoE+ standards, the QSW-M2116P-2T2S has a total power budget of 280 watts to meet the demands of high-powered devices.

### Flexible deployment with multiple 10G SFP+ fiber and Gigabit ports

The QSW-M2116P-2T2S comes with two 10GbE SFP+ ports for backbone network uplinking capability, providing an ultra-high-speed network infrastructure solution.

### Attain faster speeds with existing cables using 10GbE and NBASE-T technology

The QSW-M2116P-2T2S is compatible with 10GbE and NBASE-T technology to achieve higher transmission speeds with existing cables.

### Layer 2 technologies for Secure and Flexible Management

Provides Layer 2 management features with a user-friendly interface for IT staff to efficiently control network bandwidth and enhance security.
