

# QHora-301W

Next-Generation Wi-Fi 6 Dual-port 10GbE  
SD-WAN Router

- QHora-301W includes QNAP's QuWAN solution to simplify remote VPN connections across multiple locations, fulfill both business and remote networking applications.
- Supports Wi-Fi 6 dual-band 802.11 AX3600 (2.4GHz & 5GHz) - 1.38x transfer than Wi-Fi 5.
- Eight antennas provide a perfect wireless pattern view and supports Wi-Fi 6 for high-coverage signals.
- Two 10GbE ports and four Gigabit ports for flexible LAN and WAN deployment.
- Fanless design for near-silent operations.
- VESA-mount design for flexible deployment.

The bottom left of the slide features a decorative graphic. It includes a black and white checkerboard pattern, a large blue semi-circle on the left, a red circle with a gradient on the right, and the QNAP logo in white. To the right of the logo are three horizontal teal bars with a gradient effect.
