

TS-h1290FX

NVMe / SATA All-Flash QuTS hero ZFS NAS

- AMD EPYC™ 7002 series 16-core & 8-core processors and with up to 1TB DDR4 ECC RDIMM.
- 12 x U.2 NVMe PCIe Gen4 x 4 / SATA 6Gbps SSD bays. Use optional QNAP QDA-UMP4 adapter for M.2 2280 PCIe 4.0/3.0 x 4 NVMe SSD.
- Maximise SSD performance and lifespan with inline data deduplication, compression, Pool Over-provisioning, and TRIM.
- 2 x 25GbE SFP28 ports and 2 x 2.5GbE RJ45 ports.
- Four PCIe Gen4 slots support installing for 100GbE / 25GbE network cards, NVIDIA® graphics cards, and other PCIe Gen4 cards.
- Natively host virtual machines and containers.
- Connect QNAP expansion enclosures to achieve up to petabyte-scale storage capacity.
