

# TS-h1090FU

Optimal Tier 2 All-flash NAS  
for Organizations of any Size

AMD  
EPYC

Don't let storage performance bottleneck your business. The new TS-h1090FU NVMe all-flash storage provides extreme performance at an affordable price, and will accelerate your virtualization, data center, 4K/8K media streams, and mission-critical business backup/recovery tasks. You'll love all-flash speeds!

Space-efficient with ten 2.5-inch SSD drive bays in a 58cm depth 1U rackmount model.

U.2 NVMe SSD storage architecture delivers high IOPS and low latency.

High-speed 25Gb Ethernet and PCIe Gen 4 expansion provide performance to grow with your business.

Maximize your SSD performance and lifespan with cutting-edge inline data deduplication and compression.
