

# QNAP

## QNAP software-defined platform total solution

### QuCPE 3 series

Network virtualization premise equipment provides great computing performance for running virtual services, VNF, and connecting Software-Defined WAN (SD-WAN)

#### QNE operating system

QuCPE runs the easy-to-use QNE operating system with a visualized web GUI, allowing you to assign physical network ports, deploy and chain VM/VNF without a hassle!

Intel® Atom® processor inside

Intel® DPDK and SR-IOV

Intel® QuickAssist Technology

High-speed 10Gb Ethernet

#### AMIZ Cloud

A cloud-based orchestrator platform allows you to manage 100+ QuCPE and deploy VMs/containers on them. Handle large-scale deployment remotely – the entire process takes a few minutes.
