

QNAP

High-performance 8-core 10GbE NAS

TS-855X

The hybrid-storage NAS for running high-speed VMs

Hybrid storage architecture for capacity and performance

Install up to six 3.5-inch HDDs, two 2.5-inch SATA SSDs, and two M.2 PCIe SSDs. Flexibly allocate storage pools and caching to optimize storage performance.

10GbE
2.5GbE

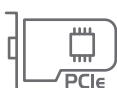

High-speed Enterprise data sharing

Provides a 10GbE port, two 2.5GbE ports, and 25GbE expandability. Enable SMB Multichannel to multiply network performance!

All-in-one server to host virtual machines and containers

Enable SR-IOV to enjoy a smoother multi-VM experience by offloading tasks from CPU. The TS-855X is also a complete certified storage solution for virtual environments.

Flexible PCIe Gen3 expansion to extend NAS functionality

The TS-855X comes with two PCIe Gen 3 slots for installing 5/10/25GbE network cards, QM2 cards or Fibre Channel cards.
