

All-flash Thunderbolt™ 4 NASbook

TBS-h574TX

Empowers your Ongoing Projects with Breakthrough Speed

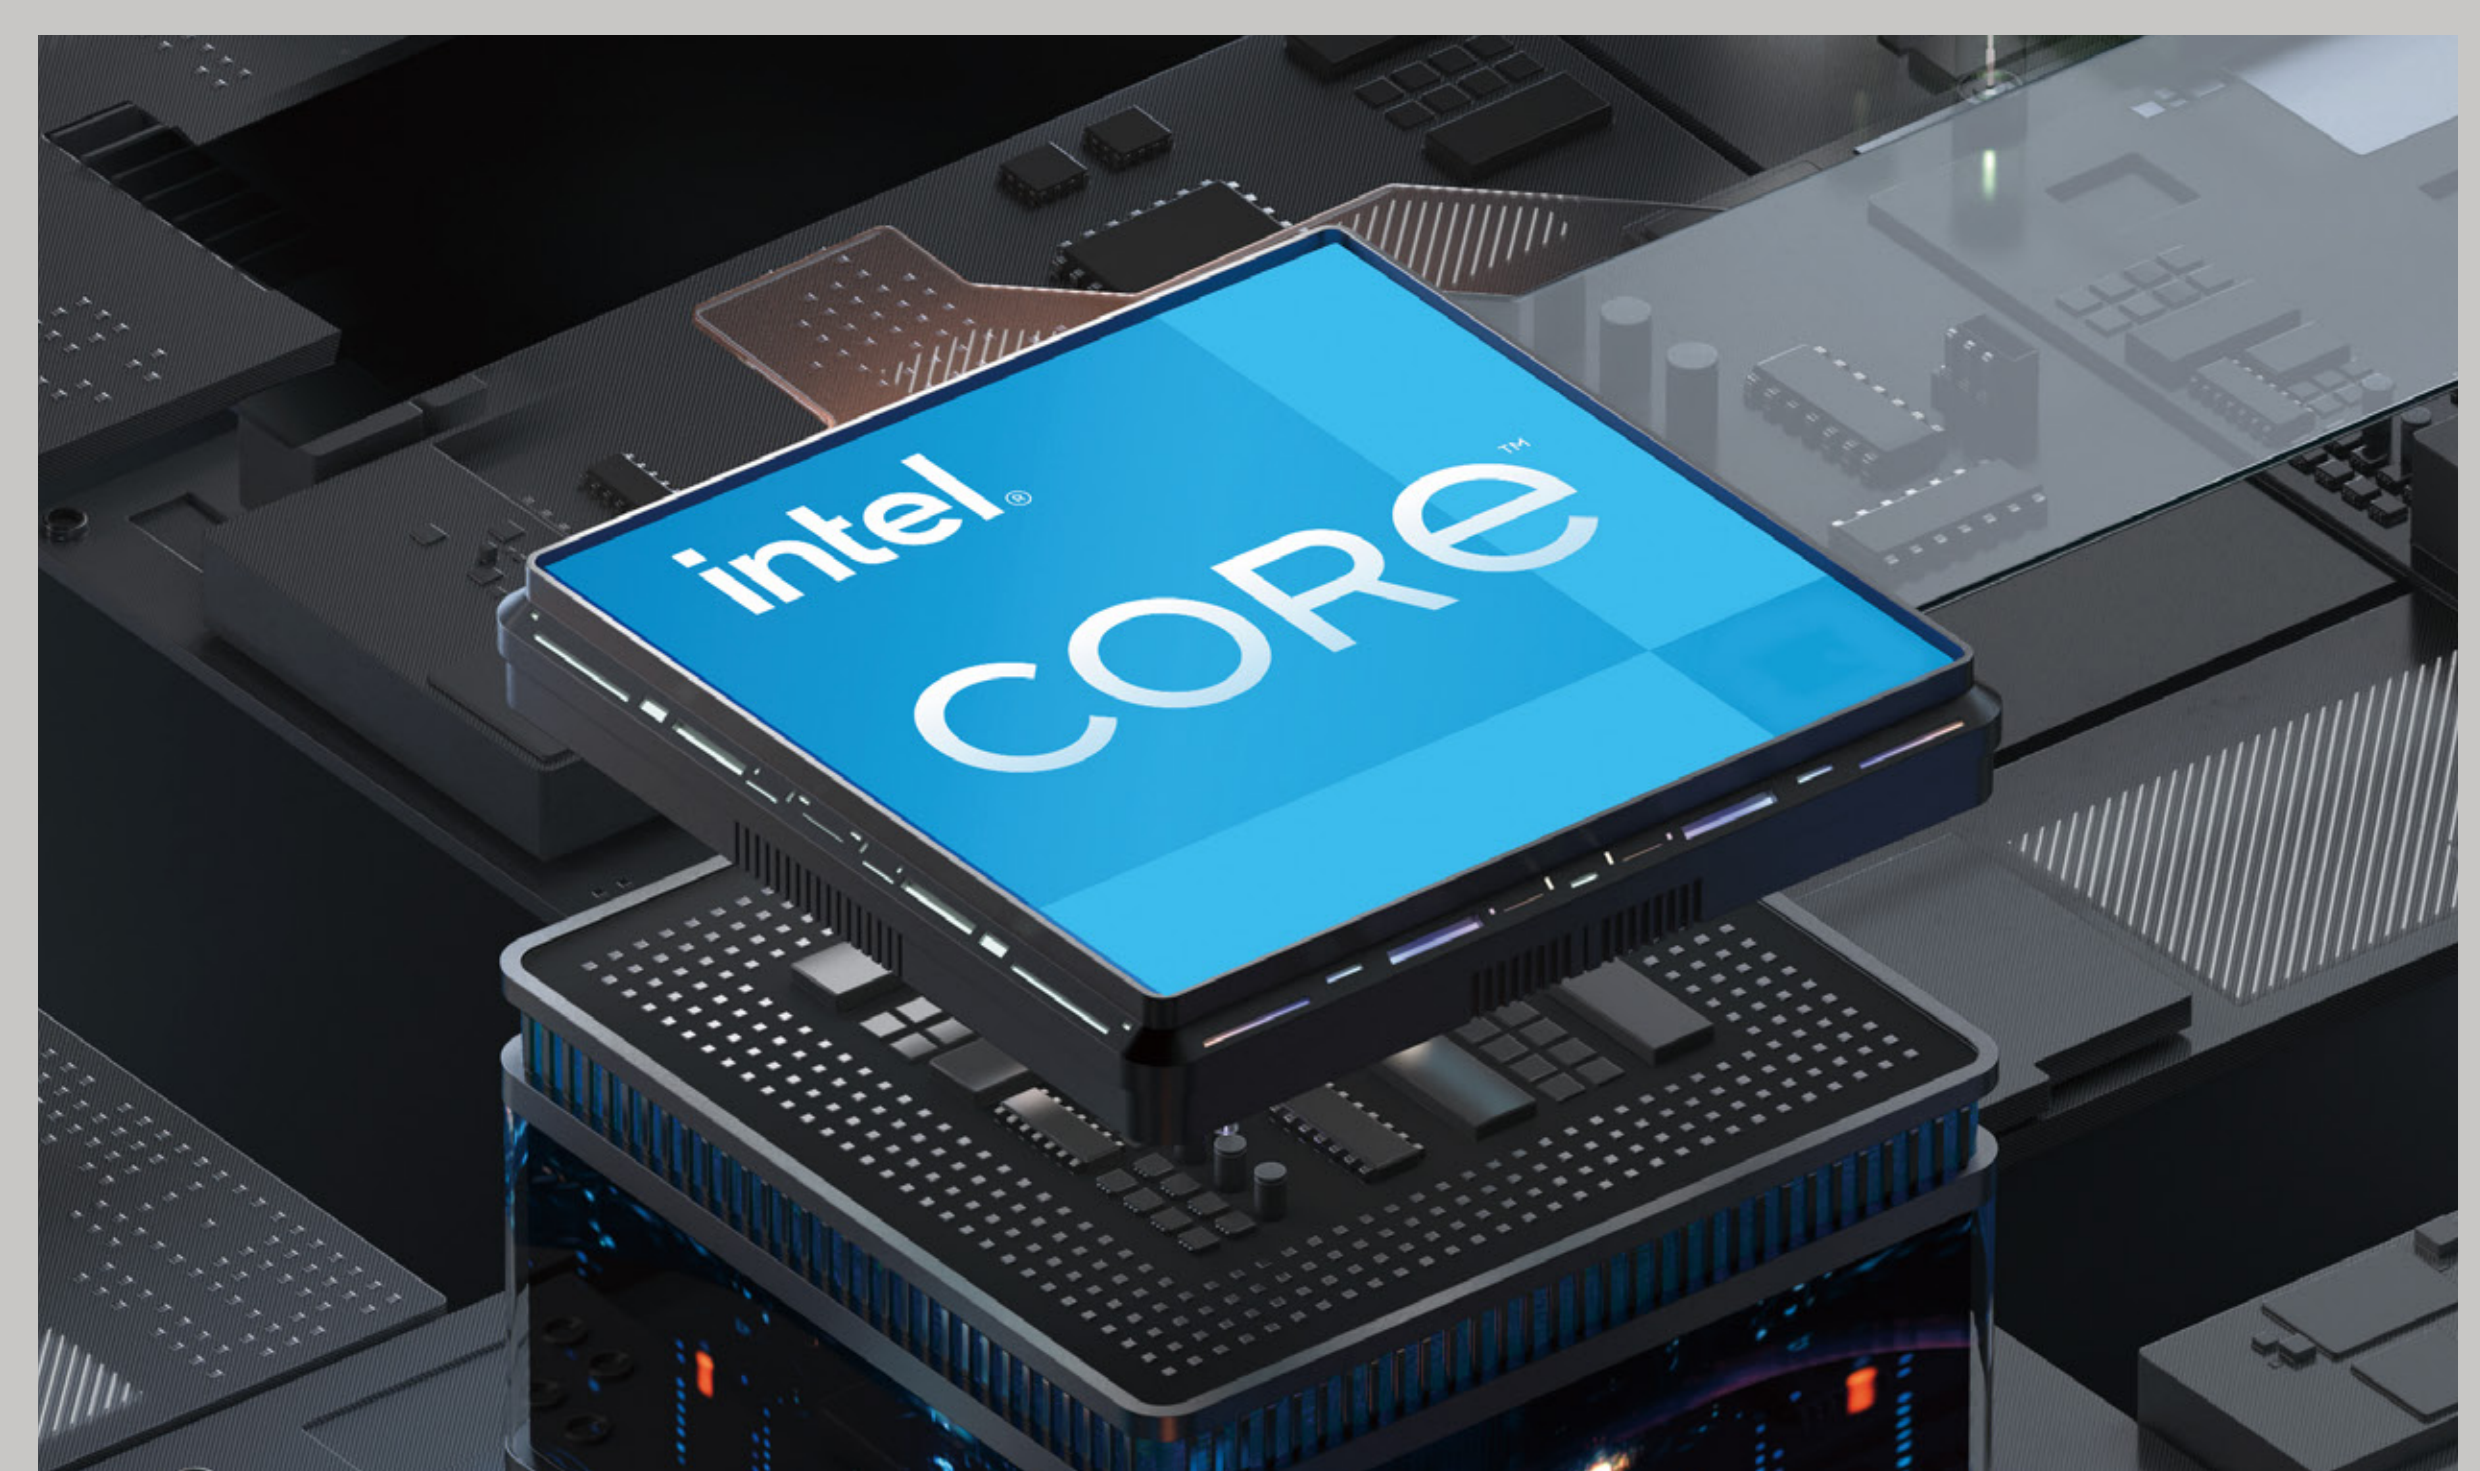

Five hot-swappable E1.S/M.2 PCIe NVMe SSD slots

Full flash high-speed access and editing of large files, accelerating DIT, rough cutting, and online video editing collaboration.

Gen 13 Intel® Core™ with built-in GPU

Experience seamless collaborative editing with no delays, faster video playback and conversion, and effortless sharing of video links for remote reviews.

Two Thunderbolt™ 4 ports, providing up to 20Gbps network

Transferring a 1TB video file just takes 11 minutes, making it a time-saving and effortless process. Even large 4K files are no problem!
