## QSW-M7308R-4X

### Half-width Rackmount 100GbE Managed Switch

- **Up to 1.2Tbps switching capacity**

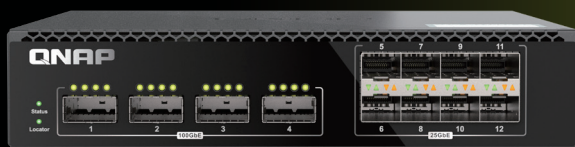

Includes four 100GbE QSFP28 and eight 25GbE SFP28 fiber ports to offer a backbone switching capacity of 1200Gbps for uplinking server rooms.

- **Low-latency Layer 2 switch with FEC**

Offering abundant L2 switching features with user-friendly QSS web management for secure and reliable network connections. FEC is also supported to improve data integrity.

- **Space-saving half-width design**

One of the few compact 100GbE switches on the market, the QSW-M7308R-4X can be installed in a 1U rack space with another half-width rackmount switch for efficient physical space utilization.

- 4x 100GbE QSFP28
- 8x 25GbE SFP28
- Web Managed Switch
