

QNAP

# TS-632X / TS-432X

Fulfills backup, collaboration, and expandability for your business.

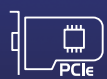

## High-performance yet energy-efficient quad-core processor

Powered by a quad-core ARM-based processor and 4 GB non-ECC RAM, the TS-x32X provides reliable performance for small and medium businesses.

10GbE  
2.5GbE

## Streamline 2.5GbE/10GbE collaboration for multiple PC/workstations

With built-in 10GbE and 2.5GbE ports, the TS-x32X NAS fulfills high-speed transfer speed for intensive data transmission and shortens backup time.

## Abundant I/O capabilities with PCIe expansion

Install a PCIe expansion card to add 2.5/5/10GbE connectivity or M.2 SSD slots to the NAS for more I/O potential.

## Multiply bandwidth for streamlined tasks

Leverage SMB Multichannel or Port Trunking allows for multiplied network bandwidth with a fault-tolerant connection.
