

# QSW-3205-5T

## Cost-effective Entry-level 5-port Full 10GbE Multi-Gigabit Switch

- 5 x 10GBASE-T RJ45 ports supporting five speeds: 10G, 5G, 2.5G, 1G, and 100Mb. Multi-Gigabit support with a 100Gbps total backplane bandwidth.
- Automatically adjusts to the optimal speed for connected devices.
- Fanless design with Class B low electromagnetic certification.
- Supports 12K Jumbo Frame Transmission.
- Loop detection and blocking for normal network operation.
