Enterprise ZFS Hybrid NAS for Ultimate Virtualization

- Next-Gen Power: AMD Ryzen™ 7000 6-core processor with DDR5 memory.
- Hybrid Storage: ZFS data integrity with Qtier for maximum efficiency.
- Extreme Expansion: PCIe Gen 4 slots support GPUs and 25GbE network cards.
- Media Collaboration: NFS over RDMA ensures zero-latency 4K video editing.
- Advanced Virtualization: Supports GPU passthrough and High Availability (HA).

10GbE
