

# QNAP

Compact NAS with 10GBASE-T/Multi-Gigabit Connectivity

# TS-963X

Designed for high expandability and versatile applications

### **Built-in 10GbE connectivity for high-speed file sharing**

With a built-in 5-speed 10GBASE-T port, the TS-963X provides a high-performance 10GbE-ready storage solution with maximized ROI.

### **All-in-one server to host virtual machines and containers**

The TS-963X can directly host virtual machines and containers, and act as storage for hypervisors such as VMware®, Citrix® and Microsoft® Hyper-V®.

### **Optimize your storage efficiency with Qtier and SSD caching**

Install up to four SSDs in the dedicated 2.5-inch drive bays to enable SSD caching and Qtier for optimal system performance.

### **Combined backup and recovery solutions with Hybrid Backup Sync**

Hybrid Backup Sync consolidates backup, restoration, and synchronization tasks to greatly simplify transferring data to local, remote, and cloud storage spaces.
