TS-x32X Series

Affordable 10GbE-Ready NAS with
Auto-tiering Storage

annapurnalabs
an amazon company

Built-in 10GbE SFP+ ports for high-speed file sharing

The TS-x32X Series is a 10GbE-ready NAS with two inbuilt Gigabit Ethernet ports and two 10GbE SFP+ ports to fully support 10GbE high-speed networks at an affordable price.

Snapshots - a modern way to protect data

The TS-x32X Series supports block-based snapshots to help users protect their important data from accidental modification/deletion and potential malware attacks.

Qtier Technology for optimal storage efficiency

Qtier™ optimizes the performance and utilization of storage by automatically moving data to faster drives based on access frequency.

Enjoy containerized virtualization with Container Station

Container Station supports LXC and Docker® for rapidly deploying application services across platforms including the cloud, servers, and PCs.
