

Compact storage solution

TVS-951X

High-capacity 9-bay multimedia NAS with 10GbE connectivity

reddot design award
winner 2018

Enjoy an amazing multimedia experience

The TVS-951X has a 4K HDMI output port and supports hardware decoding and real-time transcoding to provide a smooth multimedia experience.

Hybrid structure for enabling SSD and tiered storage

With a hybrid storage structure, TVS-951X leverages the benefits of both hard drives and SSD to provide capacity and performance with SSD caching and auto-tiering.

Optimum audio experience with Roon Server

The TVS-951X supports the Roon Server app in the QTS App Center and provides the performance, storage potential, and SSD caching to optimize music streaming.

Built-in 10GBASE-T port for high-speed file sharing

The TVS-951X is a 10GbE-ready NAS with a built-in 10GBASE-T network port to fully support 10GbE high-speed network connectivity at an affordable price.
