

# QNAP

Handy, quiet and compact

## TBS-453DX

Designed for offices and multimedia applications

### CacheMount for an amazing hybrid-cloud experience

Mount cloud storage space as local drives, and enable caching to work with online files as quickly as local files.

### Tiny M.2 SSD for huge performance

By using four M.2 2280 SATA SSDs for storage, the TBS-453DX delivers quiet, high-performance storage with a small physical footprint.

### 10GbE connectivity for high-speed file sharing

10GbE NBASE-T RJ-45 Multi-Gig connectivity boosts file transmission and backup tasks between teams and devices.

### SSD Over-provisioning for outstanding performance and endurance

The TBS-453DX supports software-defined SSD extra over-provisioning (from 1% to 60%) to optimize SSD random write speeds and lifespan.
