HBS 3

**Multi-cloud backup · Data deduplication ·
Instant restoration · Flexible synchronization**

Multifunctional backup and recovery planning

The HBS 3 completes your backup strategies, allowing you to back up, restore and sync files locally and remotely.

QuDedup greatly reduces backup and recovery time

QuDedup technology deduplicates data at the source, helping to reduce the time and storage space needed for backup.

Over 20 integrated cloud services

HBS 3 provides a secure-yet-flexible hybrid cloud backup solution, allowing you to leverage private and public clouds to create a cost-efficient IT environment.
